

New!

Free Nature Learning Center Field Trip for 2nd Grade Classes “Garden Wonders, Critters and more!”

Are you a teacher in Fremont? Interested in ensuring the next generation of Bay Area residents will care enough to protect San Francisco Bay?

Nature Learning Center
40224 Paseo Padre Pkwy
Near Aqua Adventure Water Park

If so, sign up your class for a FREE 2-hour field trip. Explore Mission Creek, the Nature Learning Center and Native Garden. Field trip begins and ends at the Nature Learning Center.

Student activities meet the 2nd Grade Standards for physical science, life science, investigation and experimentation.

Requirements:

- **Fremont public, private and home schools only**
- Class size is limited to 32 students
- Must include 1 teacher/parent per 5 students
- Teacher and parent participation is strongly encouraged

Learning Opportunities and Hands-on Activities:

- Students will learn about the harmful effects of litter and pollution on wildlife and our watershed.
- Discover what beneficial bugs and critters visit our garden, plant and animal life cycles.
- Hands-on activities include: creek surveys, garden tour, insect and plant observations in the lab and garden, plant or animal life cycle crafts and more.
